SESRA District Squash Ladder:

How to join the SESRA squash ladder:

- 1) Confirm or update your membership information on the US Squash database
 - a. Go to USSquash.org, go to My Account, confirm relevant information: particularly phone numbers, email address, and club affiliation!!
- 2) Email Bob Burton (biggiefee@gmail.com) or Victor DiNubile (vdinubile@bellsouth.net) and tell them you would like to be activated.
- 3) Once activated, you can evaluate the ladder and issue challenges, report scores, etc. See the following to learn how.

SESRA Citywide Ladder – Rules

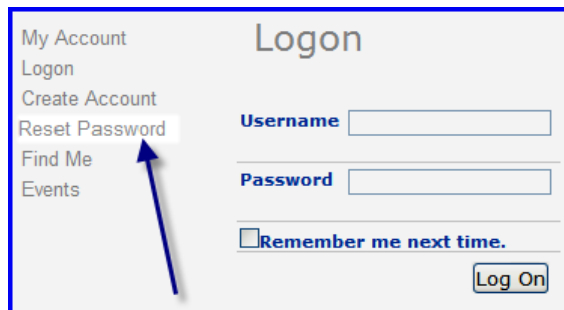

- 1) Ladder. The ladder will run fall and spring from September to December and January to April. Results will count toward each player's US Squash ranking.
- 2) Eligibility. The ladder is open to all SESRA members, however SESRA encourages all district ladder members to participate in their club leagues and ladders as well.
- 3) Entry fee. None.
- 4) Structure. When a player issues a challenge to a player higher on the ladder and wins the challenge, he/she takes the position of that higher player on the ladder and others are adjusted downward. If the higher player wins, no change occurs.
- 5) Matches, scoring. Best 3 of 5 games, 11 point PAR scoring.
- 6) Match Play: ladder matches have NO club seniority or status. SESRA strongly recommends that ladder matches be played at non-prime court times. You are subject to local club rules and guest restrictions when playing a match. Guest restrictions vary over time and from club to club. Ladder participants are responsible for contacting their club pro to understand these rules.
- 7) Challenges:
 - a. Players can challenge up to 5 spots above their current position.
 - b. Challenge matches will take place at the challenged players club, unless both players agree to play elsewhere. Guest fees are to be paid by challenger.
 - c. Players can have only two outstanding challenges issued and one received at any given time.
 - d. Challenges must be completed within 14 days of receipt or a default occurs and the challenging player moves up.
 - e. If a player makes a challenge and loses, he/she cannot re-challenge the same player for 30 days after the match.
- 8) Reporting scores: Done by the individual players online.
- 9) Issues are decided by league administrators, Victor DiNubile and Bob Burton.
