

Southeastern Squash Racquets Association

September 2006

Hello SESRA:

In case you hadn't noticed, squash season is upon us. I know, because I saw John Collar at the courts, trading his broadsword (tennis racquet) for a rapier (squash racquet) and pledging to drop a few pounds.

As always, our Atlanta clubs have a full calendar for the year upcoming, supplemented by national events and tournaments. And as always, Atlanta begins the season with a host of highly-ranked players in the hunt for national standings and titles. More on that later.

Try to fit as many of these great events into your calendar as possible...

Coming Up:

Diniar's Calcutta Tournament Returns to the Concourse September 29th To October 1st

For those who don't know/never played, a Calcutta is a handicap tournament that includes all levels in one draw with handicap point system set by a committee.

The \$55 entry fee includes a minimum of 2 matches, prizes, beer and food, as well as three mulligans. Whether you play or not, be sure to attend the betting on Tuesday Sept. 26th at 6:30 pm at the Courtside Grill at Concourse. Contact Andre Maur for details. Entry Deadline: Monday September 25th; Starting Times: Friday September 29th at 4pm.

Results from the 5th Annual DragonDoc Squash Championships
August 25-27 Sporting Club at Windy Hill Atlanta, GA.

Special thanks to *Dr. Gary Myerson*, who has supported squash in all manners for 20 years.

A reminder to all SESRA members to keep your RailStation info up to date:

One of the nicest aspects of RailStation is the ability of each SESRA member to create his own account and update his information. In particular, I would suggest you sign on to RailStation, create your account, and look at your current email address. The hardest part of communicating with folks through email is the speed at which addresses change. If you are receiving this newsletter, your email address is probably OK. If not, you should be signing on right now to update ... except you can't hear me, can you?

SESRA encourages local signup to offset USSRA dues increase:

Beginning in mid-summer, the USSRA implemented a \$10 annual dues increase per year. They will use the dollars to fund a membership position (already in place) who will work on developing membership across the country, which means establishing and improving the value proposition the USSRA offers grassroots member ... a good thing.

If you sign up online, annual USSRA/SESRA dues are now \$75, which is split \$45 to the USSRA and \$30 to SESRA (note: that USSRA alone online is \$55). However, if you renew through your pro, the SESRA board has elected to reduce its membership fee to \$20, which holds the annual cost at \$65. Squash players usually know how to pinch a ball, a penny, and occasionally other things, so when it comes time to renew, talk to your pro.

Atlanta Players in the Initial USSRA standings for the 2006-2007 squash season:

(Note, standings have moved since the archived 05-06 rankings. Players in multiple age divisions are only listed in their highest ranking. Ages up to No 100, skill levels up to 50. Rankings as of Sept. 12, 2006. Apologies for any oversights or errors.)

One of the benefits of RailStation is that it provides ongoing, seamless rankings. One of the drawbacks is that it catches everything sanctioned: leagues, tournaments, etc. These rankings are different than the close of the 05-06 season.

So, get out those rapiers and start tightening the core for fall squash...

As always, hope this is of interest.
